- Senior Lecturer at Universiti Putra Malaysia (UPM)
- Head of Quantitative Methods for Policy Analysis Laboratory, Institute of Agriculture and Food Policy Studies, UPM
- Visiting Research Fellow, Khazanah Research Institute

Areas of expertise

Development and planning models that focus on applications of:

- Input-Output Analysis
- Social Accounting Matrix
- Applied Computable General Equilibrium
- System Dynamics

Research interests

My primary interest is on the application of economy-wide models for policy analysis. Among the recent works include:

- Income distribution and poverty
- Labor market and demographic
- Resources, energy and environments
- Trade and multi-country analysis
- Agriculture and food studies
- Productivity
- Technological change

Version 2017.10.25

PROFILE

Mohd Yusof Saari (Yusof) was born in Perak on August 21, 1979. Yusof obtained his PhD in Economics from the University of Groningen, the Netherlands in 2015. Before appointed as Senior Lecturer at Faculty of Economics and Management, UPM, Yusof started his career as tutor in 2003. Input-output, social accounting matrix (SAM) and applied general equilibrium models are his areas of expertise. His expertise in these areas has contributed to the appointment as Head of Quantitative Methods for Policy Analysis at the Institute of Agricultural and Food Policy Studies, UPM. Yusof also has been appointed as a Visiting Research Fellow for Khazanah Research Institute. In 2017, Yusof received the most prestigious national award “Anugerah Akademik Negara 2017” for Article Journal Publication Award in Arts and Social Sciences.

HIGHLIGHTS

Publications.

From 2006-2017 Yusof has published 4 books related to these areas which include *Analisis dan Aplikasi Input-Output* (2006), *Input-Output Analysis: Foundations and Applications for Policy Analysis in Malaysia* (2014), *Income Distribution across Ethnic Groups in Malaysia: Applying Social Accounting Matrices* (2015) and *Social Accounting Matrices for Policy Analysis: Database Construction and Modelling* (2016). He has published 37 articles in referred journals related to the applications of general equilibrium models which include the *World Development*, *Ecological Economics*, *Economic Modelling*, *Asian Economic Journal*, *Singapore Economic Review*, *Policy Studies* and *Journal of Income Distribution*.

Research Projects

From 2015-2017 Yusof leads 6 research projects which consists of 1 public grant from Ministry of Higher Education (Fundamental Research Grant Scheme, RM71,000), 3 private grants from Khazanah Research Institute (RM40,000), Malaysia Nuclear Power Corporation (RM99,840) and SME Corp (RM42,400), and 2 international grants from International Atomic Energy Agency (RM16,871) and United Nations Statistics Division (RM94,000).

Recognitions

For dedication and involvement in research Yusof has been appointed as a Consultant, Technical Working Group and Steering Committee Member for various agencies which include Selangor State Economic Planning Unit (UPENS), Malaysia Productivity Corporation (MPC), Khazanah Research Institute (KRI), Economic Planning Unit (EPU), Malaysia Palm Oil Board (MPOB), Department of Statistics Malaysia (DOSM), Institute of Labour Market Information & Analysis (ILMIA), Malaysian Institute for Research in Youth Development and Malaysia External Trade Development Corporation (Matrade) and Ministry of International Trade and Industry (MITI). He is regularly invited to share his views on the economic issues with media and international research institutions.

Awards

For his outstanding contributions to scientific works, Yusof has received Anugerah Akademik Negara ke-10 (Journal publication category), Anugerah Fellowship Naib Canselor 2016 (book publication category), Anugerah Fellowship Naib Canselor 2015 (excellent researcher category), Anugerah Fellowship Naib Canselor 2015 (journal publication category) and Australia-Malaysia “Towards 2020” Scholarship for Research Fellowship 2016 awarded by the Australian government.

CURRENT POSITIONS

Senior Lecturer at Department of Economics, Universiti Putra Malaysia (UPM)
Head of Quantitative Methods for Policy Analysis Laboratory, Institute of Agricultural and Food Policy Studies, Universiti Putra Malaysia (UPM)
Visiting Research Fellow, Khazanah Research Institute

EDUCATIONAL BACKGROUND

Bachelor of Economics (honor), Universiti Putra Malaysia
Master of Economics, Universiti Putra Malaysia
Ph.D in Economics, University of Groningen, the Netherlands

PROFESSIONAL MEMBERSHIP

International Input-Output Association, IIOA (2006—present)
European Network for Input-Output Studies, EUNIOS (2009—present)
International Association for Research in Income and Wealth, IARIW (2010—present)

PAST WORKING EXPERIENCES

Tutor, Department of Economics, Universiti Putra Malaysia (2003-2014)
Administrative Officer (Public Relation), Malaysian Highway Authority (2002-2003)
Teacher, Sekolah Menengah Kebangsaan Tekek, Pulau Tioman, Pahang (1999-2000)
Production Operator, Kiswire Malaysia Sdn. Bhd. (1996-1997)

AREAS OF EXPERTISE

Development and planning models that focus on applications of Input-Output Analysis, Social Accounting Matrix (SAM), Applied General Equilibrium Model and System Dynamics.

RESEARCH INTERESTS

Wide range of development issues that include income distribution and poverty; labor market and demographic; resources, energy and environments; trade and multi-country analysis; agriculture and food studies; productivity; technological change.

TEACHING COURSES

Undergraduate: Principles of Economics; Statistics for Economics and Business; Malaysian Economy; Macroeconomics; Microeconomics; Regional Economics.

Graduate: Introduction to General Equilibrium Techniques, Economic Planning and Policy; Managerial Economics.

PRIZES AND AWARDS

International

1. Australia-Malaysia “Towards 2020” Scholarship for Research Fellowship, awarded by the Australian Government, International, 2016.
2. Travel grant of USD2, 500 for attending International Input-Output Conference in Alexandria, Virginia, USA, June 11-17, 2010.
3. Travel grant of EURO 2,290 for attending Macroeconomic Evaluation Power Projects based on Quantitative Models, November 23-26, 2015.

National

1. Anugerah Akademik Negara ke-10 – Kategori Anugerah Penerbitan Makalah Jurnal (Sains Sosial dan Sastera), 2016

University

1. Anugerah Fellowship Naib Canselor 2016 – Kategori Penerbitan Buku, awarded by Universiti Putra Malaysia, 2017
2. Anugerah Perkhidmatan Cemerlang 2016, awarded by Universiti Putra Malaysia, 2016
3. Anugerah Penyelidikan Universiti (Kategori Individu) Kecemerlangan dalam Penerbitan, 2016
4. Anugerah Perkhidmatan Cemerlang 2015—awarded by Universiti Putra Malaysia, 2015
5. Anugerah Fellowship Naib Canselor 2015 – Kategori Penyelidik Cemerlang (Kluster Sains Sosial), awarded by Universiti Putra Malaysia, 2016
6. Anugerah Fellowship Naib Canselor 2015 – Kategori Penerbitan Makalah Jurnal (Kluster Sains Sosial), awarded by Universiti Putra Malaysia, 2016
7. Anugerah Jaringan Industri dan Komuniti Berimpak Tinggi, 2016, awarded by Universiti Putra Malaysia, 2016
8. Anugerah Kecemerlangan Fakulti Ekonomi dan Pengurusan, 2015 — Katergori: Anugerah Penerbitan Makalah Jurnal 2015 (Penerbitan Q1)
9. Anugerah Kecemerlangan Fakulti Ekonomi dan Pengurusan 2015—Katergori: Anugerah Penerbitan Buku 2015
10. Gold Medal—Pameran Reka Cipta, Penyelidikan dan Inovasi 2008—The Impact of Increase in Energy Prices on Sectoral Costs of Production of the Malaysian Economy
11. Bronze Medal—Pameran Reka Cipta, Penyelidikan dan Inovasi 2008—The Economic Impact of China’s Industrialisation in ASEAN: An Inter-Regional Approach
12. Bronze Medal—Pameran Reka Cipta, Penyelidikan dan Inovasi 2008—The Impact of Increase in Domestic Petroluem Prices in Costs of Production.

- Senior Lecturer at Universiti Putra Malaysia (UPM)
- Head of Quantitative Methods for Policy Analysis Laboratory, Institute of Agriculture and Food Policy Studies, UPM
- Visiting Research Fellow, Khazanah Research Institute

Areas of expertise

Development and planning models that focus on applications of:

- Input-Output Analysis
- Social Accounting Matrix
- Applied Computable General Equilibrium
- System Dynamics

Research interests

My primary interest is on the application of economy-wide models for policy analysis. Among the recent works include:

- Income distribution and poverty
- Labor market and demographic
- Resources, energy and environments
- Trade and multi-country analysis
- Agriculture and food studies
- Productivity
- Technological change
