ABOUT THE SPEAKER AND FACILITATOR

PANEL DATA ANALYSIS – LONG TIME SERIES PANELS

The workshop will be conducted by Assoc. Prof. Dr. Law Siong Hook from the Faculty of Economics and Management, UPM. He holds a PhD in economics from the University of Leicester, United Kingdom. He was a visiting scholar at Department of Economics, University of California and Nanyang Technological University. He has published more than 110 articles in refereed journals, including 40 in journals indexed by Web of Science (WoS) formerly ISI Web of Knowledge. Most of his published papers utilize panel estimation methods and time series analysis to address issues in economics and finance.

His publications include Journal of Development Economics, Journal of Banking and Finance, Journal of Comparative Economics, World Economy, Economic Letters, Emerging Markets Finance and Trade, Economic Systems, Economic Modelling, Journal of Economic Inequality, International Journal of Finance and Economics, etc.

He has conducted more than 45 panel data workshops in Malaysian public and private universities. He is also actively involved in research activities and his research has also granted him several awards. Currently he is the Editor-in-Chief for the International Journal of Economics and Management (cited in Scopus). He has also been a member of the Editorial Board for the Economic Systems (cited in WoS index journal). He is a member of the Board of Directors of the Society for the Study of Emerging Markets (USA) and Executive member (East Asian region) of International Finance and Banking Society (UK).
