

GUARDIANS OF DISABILITIES 16.0

19/02/2024 - 18/03/2024

Guardian of Disability is a Malaysian Youth Volunteer project initiated by AIESEC in UPM and collaborated with Independent Living and Training Centre Malaysia. This project enables youths to engage with disabled communities and enable them to empower the community. Volunteers got to experience website upscaling, social media campaign boosting, online fundraising, awareness workshop, administrative work as well as team engagement.

An exhibition was conducted together with other projects from AIESEC to educate the school students about SDG 10, SDG 12 and SDG 13. many fun and engaging activities was conducted at Sekolah Indonesia Kuala Lumpur. For example, sign language games, drawing pictures using foot, message writing for disabled persons and so on.

The volunteers learned skills such as website building, social media management, resume writing and passed on the knowledge to the disabled personalities from independent Living and Training Centre. Miss Hema and Mr Sasi from ILTC was able to improve their skills regarding resume/CV building and Wix website building.

GUARDIANS OF DISABILITIES 16.0

19/02/2024 - 18/03/2024

We would like to sincerely thank all the volunteers and organisations that contributed directly or indirectly to Guardian of Disability project. Moving forward, Guardian of Disability project will be not continued due to change of management and focus of the new term. However, the knowledge and experience gained will be used in improving upcoming other volunteering projects. Furthermore, AUPM will be still continuing its impacts towards SDG 10 through Equify, Global Volunteer Project. Hope to see more Global Volunteers coming to Malaysia so that more cultural exchange can be happened during realisation! Looking forward to reduce the inequality issues in society and create a better future in Malaysia!
