

## *ACCA Accelerated Scheme for BAcc's Students Graduating in 2016*

UPM is one of the first five universities in Malaysia granted by the ACCA the ACCA Accelerated Scheme

### **What it is?**

There are in total 14 ACCA papers that a candidate needs to take before he/she can qualify for ACCA full membership in addition to acquiring minimum of 36 months required working experience. Under this scheme, undergraduate accounting students can take the last 5 ACCA professional papers whilst finishing their study in UPM. While the other 9 ACCA papers are exempted upon the students obtaining their Bachelor of Accountancy degree.

This scheme enables UPM's Bachelor of Accountancy students to graduate with both a degree and professional qualification.

### **Who are eligible to register under the scheme?**

The scheme is offered to UPM's Bachelor of Accountancy students who are in their year three of study.

### **Fees**

Under this scheme, the students are waived initial registration fee and annual fee payments up to one year after their graduation. In addition, exemption fee payments for the 9 exempted papers are also deferred up to one year after their graduation year. Further information on these fees can be obtained directly from the ACCA's website at [www.accaglobal.com](http://www.accaglobal.com)
