Preface

This book is a compilation of studies in different fields of economics that engages with empirical research from the Department of Economics, Faculty of Economics and Management, Universiti Putra Malaysia. In this book, readers will discover five chapters of issues in economics, i.e., foreign direct investment, gender disparities, firm-level export intensity, monetary policies, and Internet banking. This book is suitable for readers in understanding economic issues, and it can also serve as a reference, as it is packed with knowledge of current issues in economics.

Grateful acknowledgment is made here to all the authors and reviewers of this book. This book would not have reached its present form without their support and invaluable help. A special note of thanks to the head of the department, Associate Professor Dr. Wan Azman Saini Wan Ngah, for his assistance, and special thanks to Nur Syazwani Mazlan for her thoughts.
